OFFICE OF PETITIONS

In re Application of	:	
Paul Orazi	:	
Application No. 10/705,529	:	ON PETITION
Filed: November 12, 2003	:	
Title: Wing Assemblies for Aircraft	:	

This is a decision on the Petition for Revival of an Application Abandoned Unavoidably Under 37 CFR 1.137(a), filed November 7, 2006.

The petition under 37 CFR 1.137(a) is **DISMISSED**.

Any request for reconsideration of this decision must be submitted within **TWO (2) MONTHS** from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are permitted. The reconsideration request should include a cover letter entitled, "Renewed Petition under 37 CFR 1.137(a)."

The above-identified application became abandoned for failure to timely filed a reply in response to the non-final Office action mailed March 21, 2006. This Office action set a shortened period for reply of one (1) month. Extensions of time under 37 CFR 1.136(a) were available. No extensions of time having been obtained and no reply having been received, the application became abandoned on April 22, 2006. The mailing of this decision precedes the mailing of a courtesy Notice of Abandonment.

Consideration of petition under 1.137(a) (Unavoidable Delay)

A grantable petition under 37 CFR 1.137(a) must be accompanied by: (1) the required reply, unless previously filed; (2) the petition fee as set forth in 37 CFR 1.17(l); (3) a showing to the satisfaction of the Commissioner that the **entire** delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(a) was unavoidable; and (4) any terminal disclaimer (and fee as set forth in 37 CFR 1.20(d)) required pursuant to 37 CFR 1.137(c).

Decisions on reviving abandoned applications on the basis of "unavoidable" delay have adopted the reasonably prudent person standard in determining if the delay was unavoidable: "The word 'unavoidable' ... is applicable to ordinary human affairs, and requires no more or greater care or diligence than is generally used and observed by prudent and careful men in relation to their most important business."¹

Moreover, delay resulting from the lack of knowledge or improper application of the patent statutes, rules of practice or the Manual of Patent Examining Procedure, however, does not constitute "unavoidable" delay.²

Petitioner asserts that he could not have filed a response to the Office action because he was in the hospital from April 13, 2006 to May 17, 2006. However, petitioner has not explained why he was unavoidably prevented from purchasing an extension of time and filing a reply after that date. Had petitioner purchased a five month extension of time, the last day petitioner could have filed a reply would have been September 21, 2006.

If petitioner can not establish that the entire period of delay was unavoidable, petitioner may revive the above-identified application under the provisions of 37 CFR 1.137(b), unintentional delay. A grantable petition pursuant to 37 CFR 1.137(b) must be accompanied by (1) The reply required to the outstanding Office action or notice, unless previously filed; (2) The petition fee as set forth in 37 CFR 1.17(m) (currently \$750 for a small entity); (3) A statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to this
